

Seeing the Whole Paper

How the parts of a full answer work together

Grade 3 • Cluster 5 • Module 4

WHAT WE ARE LEARNING

This week your child is learning to see how **all the parts of a full written answer work together**, the idea, the reasons, the proof, and the ending.

Esta semana su hijo aprende a ver como todas las partes de una respuesta completa trabajan juntas.

NOTICE IT TOGETHER

Look at anything built from parts, a meal, a routine, and talk about how each part plays its role in the whole.

Miren algo hecho de partes y hablen de como cada parte cumple su papel.

TALK ABOUT IT

Ask your child: **"What job does each part of your answer do, and do they all work together?"**

Pregunte: que hace cada parte de tu respuesta y trabajan todas juntas?

TRY THIS TOGETHER (NO MATERIALS NEEDED)

Play **Name the Part**. As your child tells you something, gently label the parts out loud, that is your main idea, that is your proof, that is your ending.

Jueguen a Nombra la Parte. Mientras su hijo habla, nombren en voz alta la idea, la prueba y el cierre.

How to help without giving the answer. Just help your child hear the parts. Once they can name each part, they can check that nothing is missing.
