

Choices, Service, and Memory

Learning from people

Grade 3 • Cluster 8 • Module 3

WHAT WE ARE LEARNING

This week your child is researching **people**, the choices they made and why they are remembered, and drawing lessons from them.

Esta semana su hijo investiga a personas, sus decisiones y por que las recordamos.

NOTICE IT TOGETHER

Talk about someone your family admires and why, what did they do, and what can we learn?

Hablen de alguien que admiran y por que, y que podemos aprender.

TALK ABOUT IT

Ask your child: **"What choice did this person make that we still remember, and why does it matter?"**

Pregunte: que decision de esta persona recordamos y por que importa?

TRY THIS TOGETHER (NO MATERIALS NEEDED)

Play **Why We Remember**. Name a person you admire; each of you says one choice they made and one lesson from it.

Jueguen a Por Que Recordamos. Nombren a alguien y digan una decision suya y una leccion.

How to help without giving the answer. Just connect the choice to the lesson. Seeing why people are remembered helps your child value character.
