

Words and Senses

Big Word Detective • Roots about words and the senses.

INTRO

Way down deep where a word begins,
the ROOT is where the meaning lives within.
Dig it up, and you'll always see —
the root of the word is the heart of the tree.

CHORUS

I'm the Big Word Detective, diggin' in the ground!
The root of the word is where the meaning's found!
Words and senses, that's the key —
dig down deep and read with me!
